Continuation of 2. NOTE: In regards to amendment of claims 1, 9, 18, 26, 31 and 35, applicant has added new limitations to these claims. The addition of these limitations form new combinations of elements which were not previously claimed before and would require further consideration.

Continuation of 5. does NOT place the application in condition for allowance because: In regards to the rejection of claims 44 and 47, applicant argues that the drawings disclose the 12 o'clock and 2 o'clock positions. Therefore, the drawings only provide basis for exactly the 12 o'clock and 2 o'clock positions. However, the claim does not recite exactly the 12 o'clock and 2 o'clock position but about 12 o'clock and 2 o'clock. There is not basis in the original specification for the about 12 o'clock and 2 o'clock positions.
